

**R**ed Mountain Trading Company sells imported specialty ingredients from various locations around the world. For 15 years, we have maintained relationships with processors in Greece, Spain, Mexico, Colombia, Morocco, Turkey and China. Our processors have worked with us to achieve plant standards that are acceptable for the U.S. market. All of these facilities have HACCP programs in place. Our own HACCP program is implemented in our USDA inspected facility in Denver, CO. Product is metal detected and irradiated with the option for non-irradiated product as well. Our products are all Kosher certified. We do not use any Genetically Modified Ingredients. Our ingredients are all 100% natural.

If you would like more information on our products, please feel free to contact us at 303-715-1299 or visit us on the web at [www.redmountaintradingco.com](http://www.redmountaintradingco.com)

## Red Mountain Trading Company Mexican Specialty Ingredients

In Mexico, our processor is able to grow and cultivate natural sun dried tomatoes and chiles, enabling us to market different cuts of each product. We provide Chipotle, Ancho, Habanero, Green Jalapeno, Guajillo and other chiles from dices down to powders. We are able to produce special cuts to meet our customers' needs. In addition, we produce over 750,000 lbs per year of natural sun dried tomatoes in various cuts at the same facility – for 15 years this product has not slowed in popularity.
